Gentlemen: Attention: Trust Dept. 1853-Z

In writing you yesterday concerning Avery - Fund charge 4133 we regret any inconvenience caused you, as this was in error. In looking up our records again we find the charge of £1-10-8 against Avery Fund in favor of Spink & Son was correct. An addition of 8 shillings had been made to an original charge of £1-2-6 and we neglected to add this on our carbons. We have now changed our records to agree with instructions given you in our letter of April 18th.

Gentlemen: Attention: Mr. H. E. Zepf

I delayed answering your letter of October 11th concerning checks made out to cash as I wished to consult Mr. Newell and was hoping to consult Mr. Gillingham. Mr. Newell has deferred the matter to Mr. Gillingham and I am now writing him.

The reason for making William McKeever's check to cash is because he is the night watchman and is not around to endorse the checks at the time Mr. Robertson cashes them at the bank and as the bank is some distance away we do not care to make two trips. The receipts, however, are signed by the person for whom the checks are intended. Either Mr. Gillingham or I will write you as soon as possible.

Very truly yours,

Voucher: Royal Numismatic Society £2.2.0

By action of Council at the April meeting seven recipients of the Saltus Award medal were elected fellows, with the additional provision that those who already were associate members are to be relieved of the payment of dues and that the dues of all of them hereafter be paid from the income of the Saltus Award Medal Fund. There is, therefore, involved for the current year $90.00, which should be withdrawn from the income of the Saltus award fund and credited to dues (fellows). In the future at the beginning of each year we will remind you of the amount which is to be transferred in a like manner. Since one of the former associates is a life associate, we shall consider him as having paid $5.00 annually. The deduction will therefore be $100.00 each year.

For your information and as has presumably already been

communicated to you by the Treasurer, the Council directed that the uninvested principle and the accumulated income to a total of $3000.00 be invested, subject to the advice of the Finance Committee.

Gentlemen:

The enclosures speak for themselves.

#1, wherein modification of the zoning law is requested, seems to concern the tenant fully as much as our estate.

The second, from Henry L. Shadd, Inc., relating to the possible damage to the building on the property owned by this Society at [illegible] West 41st Street, suggests an examination to cover possible damage incident to the Sixth Avenue Subway.

If your agent in charge of the property feels it desirable that any action be taken under the circumstances, it might be well for you to refer the correspondence, together with his reaction to it, to our Treasurer, Mr. Gillingham, in time for the next meeting of our Council on June 11th.

On February 13 we forwarded check for $3.41 to the New York State Tax Commission representing Mr. Noe's income tax for the year 1936 on a taxable income of $781. Dear Mr. Zepf:

The other day Mr. Gillingham reminded me that I had not returned the two bank notes you sent up here sometime ago. This was really an oversight on my part. I had cleaned the notes, mended one of them, put it in a press and forgot all about them. I am herewith enclosing these two notes.

One was so badly creased that it was in pieces and I had to mount this note. I mounted it two or three times but it shrank badly each time. I found a paper that acted a little better than the previous ones and was thin enough so that it did not obliterate the back.

Dear Sirs:

An examination of our files indicates that you have failed to comply with the provisions of the statute relating to reports of information at the source.

The Tax Law (Section 366) and the Regulations (Article 281) require returns to be made on or before February 15th in each year by every withholding agent (individual, corporation, association and partnership) making payment in a calendar year to an individual of fixed or determinable taxable income (Interest, rents, salaries, wages, premiums, annuities, compensations, remunerations, emoluments or other fixed or determinable gains, profits and income) in the amount of $1000 or more if single, or of $2500 or more, if married and living with husband or wife. Such returns must be on Forms 105 and 106.

This office will be glad to supply you with a sufficient number of these forms to serve your purpose, if you will advise us of the number required. You are asked to file these returns for the calendar year 1935 within ten days or show cause why such returns should not be filed.

Dear Mr. Zepf:

The enclosed printed notification from the Department of Taxation and Finance of the State of New York is probably due to their having failed to connect us with your report to them in behalf of our Society.

Please let me have some respone from you as I presume it will be necessary for me to write to them directly even if you may take steps to point out that that of which they complain has already been fulfilled. I am sorry to trouble you in the matter.

We have just received a notification giving an identification number to our Society under the United States Society Security Act. Am I not correct in thinking that this act does not apply to this Museum and its employees?
